

86 Challenge is Northern California's 86/BRZ time trial series.

Since 2015, 86 Challenge has provided a beginner-friendly, fun environment for 86 enthusiasts to hone their driving skills and compete against people with similar cars. All skill levels are welcome. We have 10 events per year and anyone with an 86* can participate. There is no cost to participate, but we encourage renting an official timing transponder.

Benefits

- Platform-specific rules and classes
- Friendly competition and a supportive community
- Average of 24 cars per event

Classes

Stock

Up to 225 mm wide tires and only minimal modifications are allowed. Approachable and cost-effective.

Touring

More tire options and modification freedom, with a balance-of-performance handicap system.

Street

Up to 245 mm wide tires and mild modifications to drivetrain, suspension, and/or aero are allowed.

Unlimited

No limits on modifications. Measure yourself against our historical record books.
